RATE \$2.00 PER DAY.

I am now prepared to furnish the traveling public with comfortable accommodations including hot and cold water baths. I have good sample rooms in the house. Great care will be taken to make the house a pleasant place at which to sojourn. JOHN BISSELL, Proprietor.

BUCKLEN'S ARNICA SALVE.
The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For Sale by J. W. Bickford.

The Farmers' alliance in Kansas this year numbers about 140,000—a pretty formidable organization.

The total purchases of silver so far in October have been 2,105,000 ounces, leaving 1,395,000 to be purchased before November.

The total population of the state of Kansas was announced by the census office last Friday to be 1,425,485; increase 427,389; per cent. 42.92.

The farmers of Doniphan county will sell their apple crop this year for \$100,000. But it will take about ten apple crops as big as this one to pay off the debt of that county.

If you are in favor of keeping down the curse of saloons your only honorable way to do it is to stay by the party which comes out emphatically against them.—Norton's Champion.

There has been an increase in the circulation to extent of \$93,000,000 since October 1, 1889. This fact is obtained from a comparison of official figures at that date with those of the same month this year.

EXPERTS say that the buried city of Pompeii has not yet yielded up a third of its artistic treasure; that at the present rate of progress seventy years will elapse before it is thoroughly unearthed.

It is said that a vote will be taken in all the M. E. churches of the United States some time this winter to ascertain whether or not women shall be allowed to occupy pulpits and preach in that church.

The Republican party must fight alone the battle for prohibition. It is the only party organization in the state that can be relied upon to protect the home of the citizen against the vile influence of the rumrunner.—Osborne Farmer.

In view of the fact that the regular session of the Kansas legislature will meet in three months, an extra session at this time is a needless expense to tax payers. There is nothing that will specially suffer by waiting.—Atchison Champion.

The railroad companies are consolidating into a few large companies. That is all right provided they give reasonable rates and do not undertake to change our laws to suit their conveniences. But when they begin to interfere with the people's rights they may expect a radical movement for their control by wholesome laws.

Fox every bad mother-in-law in the world there are ninety-nine good ones. It is the mother-in-law who comes to take care of the wife when she is sick, who takes care of the children, and who remembers her son-in-law every time she cooks something good at her house. Good mothers-in-law get a great deal of the blame that rightly belongs to bad sons-in-law.—Atchison Globe.

The editor of the Independence (Kan.) Star sued a delinquent subscriber for eleven dollars. The delinquent claimed that he had never subscribed for the paper, and did not propose to pay. The judge instructed the jury that if the evidence disclosed the fact that the defendant had taken the paper from the office or caused it to be so taken, they should find for plaintiff. It cost the subscriber nearly a hundred dollars to settle what eleven dollars would have paid.

No one accuses Ben Butler of being a fool and there are but few men who will risk a controversy with him. Who will dare undertake turning the point which he makes in the following:

"The stupidity of people who assert that the amount of duty is to be added to the cost of material is equalled only by the dishonesty of those who know better and say the same thing. Take cotton calico—the tariff has been 5 cents per yard for many years—you can buy it for 4 cents. Competition brought it down, and so it has been and will be with thousands of other things."

The Alliance store at Winfield, Kansas, has passed into the hands of private persons. The store became involved and was forced to sell in order to avoid bankruptcy. This was considered one of the largest and most prosperous alliance stores in the State. Mismanagement is assigned as the cause of the failure. Over a hundred farmers lose all they had invested in the enterprise.—E.E.

The Republican state central committee of Kansas declares that the issue in that state has narrowed down to a prohibition plank for the Republicans and a free whisky plank for the Democrats. On that sort of a contest in Kansas there cannot be any doubt as to what the result will be. Governor Humphrey will be continued in office.—Kansas City Star.

The wife of John Bean of Valley Falls, aged 65 years, gave birth to twins on Monday evening. Her daughter, Mrs. Stretton, who lives in a neighboring township, presented her husband with twins the same evening. Mrs. Stratton's daughter Eva was married a year ago and lives in Arrington. The friends of Mrs. Stratton and her mother were not yet through congratulating them over the interesting natal coincidence in their families when Mrs. Stratton received a letter from her son-in-law announcing that her daughter had given birth to twins herself on Monday evening. Thus three double births occurred within ten minutes of each other.

DAVID GRUBB, a farmer living near Grayville, Ill., was shot and killed by his stepson, Arch Wick, aged 19, Monday last. The evidence at the coroner's inquest showed that Grubb had been in town all day drinking and on going home abused his wife shamefully. He tried to make her hand him a loaded shotgun with which he declared his intention of killing her, and upon her refusal chased her from the house, pursuing her with an open knife. Her screams attracted her son, who was some distance away. He grabbed a shotgun and ran to the spot, and just as Grubb was in the act of stabbing her, fired the charge taking the top of Grubb's head off. Young Wick has not been arrested.

An experiment which will attract general attention is an association of the leading loan companies of Kansas for the productive use of the idle lands on which the companies hold mortgages. A large acreage of wheat has already been sown on land which has been lying fallow under foreclosure, and it is estimated that the grain from this movement will bring the total wheat acreage of the state up to two million acres. A large area of land will also be planted in corn under the same arrangement, and the result will be a substantial increase in the sum of agricultural products in Kansas next year. It is a sagacious business stroke on the part of the loan companies, and will prove a source of benefit to the people, by stimulating agriculture in those sections which have suffered most from financial depression and climatic vicissitudes.—Kansas City Star.

The republican party is all that stands between Kansas as a temperate state and Kansas as the bums' paradise. The democratic party is avowedly for licensing the liquor traffic. The people's party calls the subject a "side issue" and will commit itself neither way. In every republican convention held in the state this year except one at Emporia, the party has again and again declared itself unalterably for prohibition and the strict enforcement of all the laws on the statute books relating to that subject. The political situation is such that if the republicans do not secure a majority of the house of representatives the state will for years be in the hands of saloon keepers, who under the name of agents of wholesale houses from other states, will pour out the liquid poison to our people with impunity, defying the laws that have been nullified by venal or bibulous judges. Voter, can you afford to support the people's party in this emergency?—Stockton Record.

OUR CANDIDATES.

Election day is drawing near. We presume nearly all the voters of the county have their minds pretty well made up as to whom they will vote for. Amid the smoke and confusion of the campaign it may be that some are confused and yet undecided. The Herald would again present the claims of the republican candidates. Our county ticket is an exceptionally good one.

REPRESENTATIVE.

For Representative the Republicans present the name of Ritzer Smith of Solomon township. Mr. Smith is an old soldier, a farmer, a prohibitionist and an honorable upright man. He can be trusted to stand for the right, as it is given to him to see the right.

PROBATE JUDGE.

Captain N. Poling has served one term as Probate Judge and was nominated for a second. He was a gallant Union soldier, is a practical farmer and an honest man. He is altogether trustworthy and reliable in every respect.

COUNTY ATTORNEY.

R. T. Shearer has served one term as County Attorney and made a good one. He has saved the county money. He is a fine officer and the people will make a mistake if they do not re-elect him.

CLERK OF THE DISTRICT COURT.

J. D. Matteson is a candidate for the second term. Members of all parties agree that the county never had a more honest, efficient, accommodating, and accurate officer than Jud Matteson. He is an old soldier, and a farmer.

COUNTY SUPERINTENDENT.

W. W. Colby has also served one term and is asking for a second. His many admiring friends who know of his work, assert that he has made, the past two years, a splendid officer—that he has been diligent and efficient in the discharge of all his duties, to the best of his ability. He is a man of most excellent habits and is honest and a most excellent citizen.

FOR CORONER.

A. H. Shapley of Belmont, was nominated for Coroner. Another old soldier who went forth in defense of his country in its day of peril. He makes a good officer. He is a number one man and citizen.

FOR COMMISSIONER FIRST DISTRICT.

Willard Landphar of Towanda township. Mr. Landphar is recommended by his neighbors and those who know him as a man well qualified for the place. We do not have the pleasure of a personal acquaintance with the gentleman.

Altogether it is a good ticket. Why should it not be elected November 4? There is not much politics in a county ticket. These are splendid men and officers, then why should they not be elected. By a custom long observed where a man has served one term acceptably he should be supported for the second.

LOGAN ITEMS.

From the Republican.

Peter Hansen has purchased John S. Brown's interest in the Marvin Mills.

The Free Methodists of this place baptized five persons Sunday and one Monday.

Charley Bowman had a finger amputated Friday. He hopes to be enabled to again take charge of his school in a short time.

Five cars of stock were shipped from Logan yesterday morning, of which one was hogs and the rest cattle. H. M. Copland shipped one car of cattle and A. J. Bowman the remainder. W. M. Dunning and A. J. Bowman went to Kansas City with them.

One year ago a false report was set afloat that the mortgage indebtedness of Kansas was \$213,000,000. That lie was soon shown up. To-day the mortgage indebtedness of the state, no guess work, is only \$25,000,000. The fact is, Kansas is just about one of the most prosperous states in the Union. "Kansas mortgaged indebtedness is going down now almost as fast as the corn went up six months ago."—Salina Journal.

KIRWIN ITEMS.

From the Chief.

E. B. Sewell and wife and Theo. Smith and wife, of Phillipsburg, were in the metropolis Monday.

C. W. Hull took the C. K. & N. train at Agra Wednesday evening for a visit to his old home, Prophetstown, Ill., besides other Illinois and Iowa towns.

Mrs. C. P. Barber, of Phillipsburg, has been visiting with Mr. C. C. Stone and family this week.

Mr. VanLoan, living three miles west of town, is very low with typhoid fever, and it is feared his case is liable to result fatally.

MARRIED—At the First Congregation Church in Kirwin, Kansas, by Rev. R. F. Markham, Tuesday evening, October 21st, 1890, Miss Nellie C. Stone and Mr. Edward C. Waldo.

L. Thomas, a former citizen of Kirwin, returned from Michigan a few days ago, and expects to re-locate here this time permanently. Those who leave Kirwin are always glad to get back. Mrs. Thomas expects to join her husband in the spring.

From the Independent.

We are glad to inform our readers that Van E. Hugunin was allowed an increase of pension on the 16th.

Mrs. H. C. Wey returned from the burial of her mother at St. Louis, Mo., last Saturday morning.

There is more politics in the city of Kirwin to the square inch than any other city in the 6th district.

Oliver Sanford was to Napoleon, Neb., for German carp to stock his newly made pond on his farm near Kensington.

H. Moulton was on the sick list a few days the last week. We are very glad to state that he is very much improved at present.

Had it not been for the timely rescue of C. E. Bradley, the child of C. C. Stone would have fallen into the well on the southeast corner of the square last Monday morning. Too much care cannot be taken in such instances.

LONG ISLAND ITEMS.

From the Leader.

Miss Lelia Young of Phillipsburg, was visiting in this neighborhood during the past week and with Mrs. Good, Emma Pillsbury was a social caller at this office on Saturday.

Bert Howard who was injured in a railroad wreck on the 5th inst., in Oregon, an account of which we gave last week, died on the evening of the 15th, from injuries received in the wreck.

Esq. Nettleship and son Lape went to Grand Island to see the great sugar works which are said to be the finest in the world. The Esq. has hopes that the people of this place may be able to contract beet for next season. This is a crop that can be raised here to perfection; and if the people here could get a market it would be a big thing for us all.

Judge Poling of the county seat was in the city on Monday in attendance at the republican speaking. He was a social caller at this office and informs us that he has placed a man upon his farm, near this city, for a year and will furnish teams in the spring to have the same tended. He will diversify the crops, do some feeding, and under his own management hopes to make the farm a source of remuneration.

The Long Island Leader comes out last week a straddler, and gives the democrats a column.—Phillipsburg Herald.

Mr. Herald we did not know that we had given you cause to slander us in such a manner. We did nothing of the kind, and hope you will do us the favor to correct the blunder. We see no reason why we should espouse the cause of the Democratic party and resent the accusation. That party but recently closed a four year reign of this government and we have failed to see wherein they did the people any good, and believe that the people are their own best friends and if they receive any permanent or lasting benefit it will come through their own movement.

(The Herald begs pardon. The Inter-Ocean is the guilty one.)

SPEAKER REED is now campaigning in Iowa.

A KANSAS farmer in Anderson county, Kan., this year raised \$400 worth of flax.

RAILWAY accidents and casualties of various kinds burden the press dispatches these days.

THERE should be no such thing as poverty and charity. There should be intelligent co-operation.—Salem Oregon, Journal.

THE Rock Island will have its cut off completed by Dec. 1st, and will run trains from Omaha to Beatrice and to Denver via Phillipsburg.

Several car loads of goods, contributed by generous people of the east, have been received at Atwood, and are now being distributed among the needy people of Rawlins county.

THE Eye says that rumors are again rife of the extension of the B. & M. road from Oberlin to Pueblo via Goodland. Wouldn't it be a good time for our Central Branch folks to talk about an extension from Lenora to Oberlin?

THE Hoxie Democrat calls the Union Pacific branch from Salina, Plainville, Hill City, Hoxie and Colby to Oakley, the "hen coop route". By all means extend the Central Branch from Stockton to these places, and place these thriving towns on the through air line route.

THE year 1890 has been the driest season that southwest Kansas has experienced for years, yet she raised ten times more wheat and small grain than ever before. If one half of the wheat grows that is planted there won't be enough to haul the crop to market next fall.—Kansas Financier.

WITHIN the past week there has been a regular epidemic of Railroad accidents. There were five bad ones in one day. The killed will foot up eight or ten and the wounded thirty or forty. One of the most disastrous was near Birmingham, Ala., and another nearly as bad near Kansas City, Mo.

In his speech at Pittsburg on Saturday John Sherman made a special point of the fact that patronage is an element of weakness instead of strength to a political party. "If I had the power," he said, "I would not allow a member of Congress to recommend any man for any office whatever. It weakens the member of the House and the Senator, and it makes a cause of constant trouble and quarrel."

Though this is said not to be a great corn year in the United States, the crop is estimated to exceed 2,000,000,000 (two billion) bushels, enough to load 4,000,000 cars. These cars would require 133,332 locomotives to haul them, allowing thirty cars to each locomotive, and the train would require 28,367 miles of track to stand on, or in round numbers, 2,800 miles more than the circumference of the earth.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time or money refunded. Trial bottles free at G. W. Bickford's drug store.

A Reliable Cough Syrup.

We have been fortunate enough to secure the agency of Begg's Cherry Cough Syrup. It is a trustworthy medicine, and we guarantee every bottle sold to give entire satisfaction. We would be pleased to have our customers give it a trial. Sold by Fisher & Co.

—Vote for Cap. Poling. He served his country on many a bloody battle field to save the Union. He is an honorable, upright man and good officer. If you elect him you can rest assured that you have elected a good man.
